THE CONFERRING OF DEGREES IN COURSE

The order of presentation of schools and colleges for the conferring of degrees is based on two factors—the year of establishment of the school or college and the distinction between graduate and undergraduate programs. The first ten schools and colleges, beginning with the College of Arts and Sciences and ending with the College of Allied Health Sciences, were established over the years from 1868 to 1974. These ten schools and colleges provide basically undergraduate programs. The next five schools and colleges, beginning with the School of Divinity and ending with the School of Social Work, were established between the years of 1868 and 1945. These schools and colleges offer professional graduate level programs. The last school listed, the Graduate School of Arts and Sciences, was established in 1934 and offers graduate level programs exclusively.

THE ALMA MATER

Reared against the eastern sky
Proudly there on hilltop high,
Fair above the lake so blue
Stands old Howard firm and true.
There she stands for truth and right,
Sending forth her rays of light,
Clad in robes of majesty;
O Howard, we sing of thee.

Be thou still our guide and stay,
Leading us from day to day;
Make us true and leal and strong,
Ever bold to battle wrong.
When from thee we've gone away,
May we strive for thee each day
As we sail life's rugged sea,
O Howard, we'll sing of thee.

Appearance of a name on this program is presumptive evidence of graduation, but it must not in any sense be regarded as conclusive. The diploma of the University, signed and sealed by its proper officers, remains the official testimony of the possession of the degree.

THE ACADEMIC COSTUME

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students used them to keep warm in medieval castles and halls of learning. From these practical origins, they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves, pointed at the fingertips. These gowns may be worn either open or closed.

The master's degree gown is worn open, and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctor's degree are also worn open. They carry broad, velvet panels down the front, and three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree.

Mortar board or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

The gold fourragé on the shoulders of some candidates—commonly referred to as an honor cord—denotes outstanding scholastic distinction.

Faculty members and guests in today's procession are robed in gowns and hoods which represent the institutions from which they have received degrees.

The hood gives color and real meaning to the academic costume. Its silk lining bears the colors of the institution conferring the degree. The hood is bordered with velvet of prescribed width and color to indicate the field of learning to which the degree pertains as follows: medicine, green; music, pink; nursing, apricot; pharmacy, olive green; public administration, peacock blue; science, golden yellow; social work, citron; theology, scarlet; architecture, blue violet; arts, letters, and humanities, white; business, drab; dentistry, lilac; education, light blue; engineering, orange; fine arts, brown; law, purple; philosophy, dark blue.

THE MACE

The mace is the ceremonial symbol of the University and is carried by the University Marshal, Dr. Gary L. Harris, Interim Associate Vice President for Research, Associate Director of the Materials Science Research Center of Excellence, and Professor, Department of Electrical Engineering. Its origin dates back to at least 1300 B.C. and was a symbol of kingly authority in ancient Egypt (KMT). One of the oldest visual images of the mace was carried by Tutankhamen (King Tut) during the 17th Dynasty. It is used on all occasions of academic ceremony at the University. At today's Commencement, the entry of the mace heralds the arrival of the academic procession.

THE BATON

The batons carried by the Marshals and Assistant Marshals of each school and college are being used to lead the academic procession of the respective schools and colleges into and out of the place of the ceremony. The batons are made of wood, painted blue, and tied with white ribbons denoting the colors of Howard University.

THE PRESIDENTIAL CHAIN OF OFFICE (The Medallion)

The Presidential Chain of Office, worn by Interim President Ladner, was presented to the University on the occasion of the Centennial Celebration in 1967 by Trustee Herman B. Wells and his mother, Mrs. Granville Wells. The chain symbolizes the current and past holders of the office of President. The basic material of the chain is sterling silver, plated with hard gold. Both the University Seal and the Centennial Seal are appended to the chain.
